

Rebecca Comolli, LPN – Woodridge

Chrissy Searles, LNA/MHT – Float Pool

Cathy Couture, MRI Tech

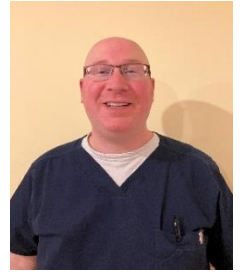

Ann Bertelsen, RN - ACU

WE ARE THE MAJORITY

We are organizing for respect, safety, and a voice for:

- Our Patients
- Our Professions
- Our Communities

Dave Lowy, RN – MGP Float

Christina Hermann, RN – Med Surg

Natascha Deininger, RN – ED

Erin Kelly, RN - IPP

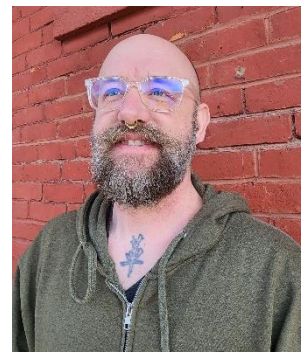

“Having worked in union hospitals, I am passionate about the transparency, fairness and environment of empowerment for workers that a union creates. We are responsible for human lives, and we deserve to have a legal say in the quality and function of our workplace.”

Natalia Povelite, RN - ICU

“I support forming our union because our entire community benefits. We deserve to be collectively cared for by clinicians who are safe, supported, and have the right resources to help them learn and grow. Our healthcare executives and administrators consistently enjoy a safe, supported, competitively compensated work environment. The people closest to the patient deserve that, too.”

Kate Roche, Nurse Educator

“I am excited to help build our union because it will help strengthen the things I love so much about CVMC, and through that, help us deliver a better patient experience while protecting worker safety. In my previous experience in a healthcare union, I also found it very helpful to reference our wage scale that we bargained for to see future increases in my salary based on education and experience.”

Michael Mulcahy, ED Tech III
